## SKILLS SUMMARY

- **Languages:** C++, JavaScript, C, Python, Kotlin
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** MySQL, Android Studio, Tableau
- **Soft Skills:** Leadership, Problem-Solving Skills, Team Player, Communication, Project Management, Adaptability

## PROJECTS

- **Covid 19 Analysis – DashBoard:** November 2024  
Created an interactive Tableau dashboard to visualize and analyze COVID-19 trends, including case statistics, recoveries, and vaccination rates. Designed an interactive Tableau dashboard to analyze and visualize the global impact of COVID-19. The dashboard highlights key statistics such as infection rates, recoveries, and vaccination progress, offering users an in-depth understanding of the pandemic's trends and patterns. The project emphasizes clarity, data accuracy, and accessibility for users across various demographics.  
Tech : Tableau
- **HR Case Study :** August 2023  
Designed and executed SQL queries to analyze data for an HR case study, focusing on optimizing workforce management and operational efficiency. The queries were tailored to extract actionable insights from large datasets, facilitating evidence-based decision-making for HR practices.  
Tech : SQL
- **SMS- Student Management System :** March 2023  
Created a Python-based school management application that addresses critical administrative tasks, ensuring smooth operations for educational institutions. This system integrates multiple functionalities, such as managing student information, teacher schedules, and school events, while providing an intuitive interface for ease of use. It aims to reduce manual work and enhance the efficiency of record management and reporting.  
Tech : Python

## ACHIEVEMENTS

- **R Programming – Johns Hopkins University** October 2024
- Has Grasp on R-programming, Statistical Programming, Data Structures, Problem Solving, and Programming Principles.
- **Excel Skills For Data Analytics and Visualization –Macquarie University** January 2024  
Good hands-on Spreadsheet Software, Data management, Statistical Analysis and Visual Design.

## CERTIFICATIONS

- Data visualization with Tableau by Board infinity December 2024
- DBMS and SQL by Board infinity July 2024
- R Programming ( Coursera ) November 2023
- Database Management System by Great Learning October' 2022

## EDUCATION

---

### Lovely Professional University

Punjab, India  
Since August 2022

- *Bachelor of Technology - Computer Science and Engineering; CGPA: 6.33*  
**Favorite Courses:** Object Oriented Programming, Tableau, Android Development

### Narayana Junior College

Patancheru, Hyderabad

- *Intermediate; Percentage: 89%*  
**Favorite Courses:** Physics, Chemistry, Mathematics, Computer Science

August 2020 - March 2022

### Narayana E-Techno School

Tadipatri, Andhra Pradesh

- *Matriculation; Percentage: 100%*

July 2019- March 2020
